How to download a file(s) from a service

To download a finance, HR, Operation Encompass etc. file, the user will receive an email notifying them that a file is available to download. Once an email is received log in to AnyComms Plus and then click the 'download' button.

AnyComms Plus login and download guidance

This will bring up the Downloads area and will default to New Files

Downloads

There are no files available for you to download.

Search:

New Files

Previously Downloaded Files

There are options to either download all files or to download single files.
